

## CAREFREE

Are you physically disabled but do you want to go on an adventurous camping holiday? The Handicamp foundation makes it possible. In small groups, with professional care, we organize holidays in Europe. How? With the Handicamper, a huge holiday home on wheels. Fitted out with all the amenities we need to provide a carefree holiday for nine people; four guests, a driver and four volunteers.

## HOLIDAYS

Every year, the foundation organizes holidays for people with a physical disability. The trips vary from four to seven days. We organize holidays in the Netherlands and surrounding countries such as Denmark, Germany and France. We can accommodate four guests. We provide the driver and four volunteers who provide care and maintenance. The holidays are all inclusive.

## PRICES

Handicamp offers good value for money. The holidays are sponsored. All the work is done by volunteers so we can keep prices low for our guests.

## MORE INFORMATION

You can find more information on our website, [www.handicampoutdoor.nl](http://www.handicampoutdoor.nl). Here you can also see an overview of all the holidays and you can sign up. If you want to know more, you can mail us: [info@handicampoutdoor.nl](mailto:info@handicampoutdoor.nl)

## ORGANIZE YOUR OWN HOLIDAY

It's also possible to organise your own holiday. Handicamp provides the camper and a driver, you take care of the rest, including care. So if you have a disabled relative or friend, you can still go on holiday with the whole family or friends.

## HANDICAMP OUTDOOR

The Handicamp Outdoor has organized vacations for people with a disability for almost 30 years. We exist, thanks to a large group of volunteers and sponsors. We do not receive any governmental subsidies. All the work is done by volunteers: organizing and going on holiday, cleaning and maintenance of the Handicamper, inviting guests and recruiting volunteers and sponsors. All the things necessary to provide our guests with an unforgettable holiday.
